

Southern Golden Retriever Society
Is hosting a
Judges Competency Framework
Q&A session

Presented by

Gerald King

This is a unique opportunity for those aspiring to be judges in the future, all existing judges at any level, and any dog show society committee member to learn how the Kennel Club's new Judges Competency Framework will impact and what the new learning process will enable when it becomes fully operational with effect from January 2019.

The Kennel Club has kindly agreed for Gerald King to do a brief outline presentation and facilitate a question and answer session so that judges can understand the various requirements.
